New Talent Awards 2018

About The Awards

The New Talent Awards, which are organised annually by the North West Aerospace Alliance (NWAA), celebrate the achievements of young professionals working and studying in the North West aerospace & defence industry.

The prestigious awards ceremony, which is the NWAA's 19th New Talent Awards, will be held at the impressive **Imperial War Museum North in Manchester on Thursday 7th of March 2019**. This is the featured event on the NWAA calendar and is held in high esteem amongst apprentices, businesses and training providers alike.

Last year saw employers, apprentices, training providers and partners gather to witness finalists take to the stage to receive awards across 5 exciting categories as well as announcing the Business University Challenge Winners.

The Awards evening is a real celebration and recognition of excellence and achievement of these remarkably talented young people. Guests will enjoy an early evening champagne reception and three course meal prior to the start of the awards presentations as well as entertaining after dinner speaker and young guest speaker.

With some fantastic sponsorship packages in place, we would like to offer you the chance to support this prestigious event and celebrate the achievements of apprentices in the aerospace defence industry.

The event promises to:

- Highlight the dedication and achievements of our future aerospace generation
- Showcase some of the best apprentice engineering skills
- Recognise the supporting role played by employers and training providers who develop the skills and talent of these exceptional young people
- Present current thinking and future trends across the sector
- Be an entertaining and stimulating evening
- Be an excellent networking opportunity!

The sponsorship packages are a superb way for your company to maximise coverage before, during and after the Awards.

Sponsorship Package - A

Main Event Sponsor
