

NATEP

NATEP National Showcase

Thursday 16th June 2016

National Composites Centre

NATEP is a national programme under which aerospace supply chain companies are developing more than 100 new technologies for the UK and global aerospace industry.

Principally, the event is an opportunity for grant-funded NATEP project collaborators to disseminate information about their project progress and results, to network and share experience and best practice with other NATEP projects, to explore linkages between NATEP projects and to present their capabilities to a wide audience of industry engineering experts and potential customers.

**BOOK
TODAY!!**

THIS EVENT IS FREE TO ATTEND

Thanks to the support of NATEP by the government's AMSCI fund

NATEP National Showcase

*Agenda

- 09:00 - Registration & Refreshments
- 09:40 - Welcome & Introduction - Simon Young, Chief Executive - WEAF
- 09:45 - Welcome Address - Jeff Taylor - NATEP Programme Director
- 10:00 - Heraeus Ltd - Xenon Pulse Technology
- 10:20 - Adhesion Technologies - Volume Manufacture of Composite Fixings
- 10:35 - Adhesion Technologies - TOGGLON
- 10:50 - Coffee Break
- 11:20 - CTES Ltd - Cure Capable Mandrels
- 11:40 - CCP Gransden Ltd - Long/Continuous Fibre Reinforced Thermoplastic Composite Processing
- 12:00 - Keynote Speaker & Opening of Exhibition to all
- 12:15 - Lunch Break & Exhibition Open to All
- 14:00 - AGC AeroComposites Ltd - Thermoplastic Composite Fusion Welding (CoFusion)
- 14:15 - AGC AeroComposites Ltd - Composite Electrostatic Transport Elements (CompETE)
- 14:30 - Net Composites Ltd - Biocomposites for Aerospace Interiors (BAIT)
- 14:50 - Closing Keynote Speaker - Pete Chivers, CEO - National Composites Centre
- 15:10 - Event Close
