

Farnborough International Airshow 2018

Join us on stand 1205, hall 1

Meet with UK aerospace sector experts and international buyers at Farnborough 2018

As the main event in the 2018 global aerospace calendar, Farnborough International Airshow (FIA) unites key aerospace organisations and influencers under one roof, offering an exciting opportunity for companies to participate, network and secure new export sales.

The Department for International Trade (DIT) stand will showcase UK capabilities across the whole aircraft, from propulsion to systems, structures to interiors, highlighting the UK's position as a world-leader in aerospace.

Meet the Experts

Meet our sector experts on stand 1205 who are available for meetings throughout the show. International DIT representatives will be there to advise on exporting to markets, including USA, France, Italy, Ethiopia and UAE. UK Export Finance advisors will also be on hand to offer valuable guidance on accessing export finance.

Networking Receptions

Join DIT and its partners for a networking reception at 3pm on *each* of the trade days (Mon – Thurs). Taking place on stand 1205, this is an unmissable chance to meet with industry experts and overseas buyers. For further information, please contact DITAerospace@brayleino.co.uk.

Meeting space available on our stand

Continue your valuable conversations with experts and buyers to maximise your time at FIA. Our informal meeting tables are available throughout the show. Speak to us on stand 1205 to utilise this free service.
