

Gary Carroll, Head of Aerospace - UK & Ireland, Siemens plc

A leader of the Siemens Digital Factory sales strategy in the UK Manufacturing Sector, with my primary role the UK Aerospace sector.

I will be focusing on the OEM, Tier and SME supply chains within this growth industry. I will capitalise on my experience and passion for general UK engineering and manufacturing industries.

A leading advocate of the Digitalisation of UK Industry, and promotion of the Siemens Digital Enterprise message, has led to numerous speaking engagements and comments in the press to promote and emphasise the benefits to industrial manufacturers within the UK Aerospace, automated and connected manufacturing arena.

A key member of UK Aerospace societies including the ADS and its Digitalisation, Special Interest Group (SIG), the NWAA and WEAFF to name a few.
