# NWAA Proudly Sponsoring:

In honour of the late Rob Burrow CBE, who sadly died from motor neurone disease (MND) in June, the North West Aerospace Alliance (NWAA) has chosen to raise money for the MND Association through their Annual Ball in 2024 in his memory.

***"First it comes for your voice. Then it takes your legs. It tries to rob you of your breath. But it can't sap your spirit."***

**Rob Burrow CBE**

MND is a disease which stops messages from the motor neurones from reaching the muscles, affecting how you talk, walk, eat, drink and even breathe. There are currently no effective treatments. There is no cure.

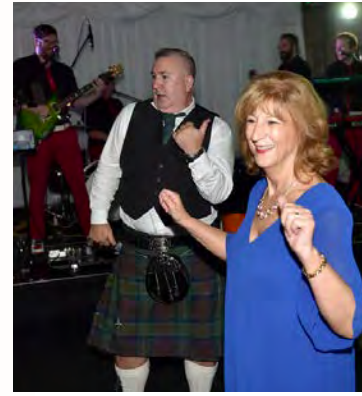

Research, which helps improve understanding of this devastating disease, is vital in helping the MND Association to achieve its vision of a world free from MND. Every penny raised will help fund ground-breaking research which brings us closer to new treatments and the promise of a cure.
