NWAA Proudly Sponsoring:

This year, the North West Aerospace Alliance (NWAA) is proud to support Cancer Research UK, one of the world's leading charities dedicated to beating cancer through research.

Cancer affects 1 in 2 people during their lifetime. But thanks to pioneering research, survival rates have doubled in the last 40 years. Cancer Research UK's work is vital in continuing this progress – developing earlier diagnoses, more effective treatments, and ultimately, finding a cure.

“Together, we will beat cancer.”

We're also proud to shine a light on the vital work being done in cancer care across the North West. From local treatment centres to community support services, the region plays an essential role in caring for those affected by cancer. Funds raised through this year's Ball will help ensure that people across our region continue to benefit from world-class research and compassionate, life-changing care.

Every pound raised at the NWAA Annual Ball 2025 will help fund lifesaving research that gives hope to millions of people and their families across the UK and beyond.
