WHEN

5th October 2023
11am - 1pm

WHERE

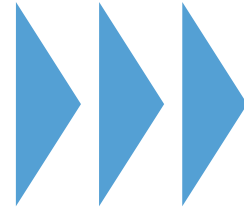

Industry Collaboration
Zone, Blackburn College

The defence industry already sustains more than 35,000 jobs in the North West, and with the future of the National Cyber Force in Lancashire, there are 10,000 more expected by the end of the decade.

With vast prospects for growth in Lancashire, what does this mean for your business and how can you take advantage of the opportunities ahead?

Join us at Blackburn College on 5th October to discover the current and future collaboration potential of business and academia in the North West Cyber Corridor.

You'll have the opportunity to hear from industry leaders about the achievements in the region so far and how your business can benefit from the North West Cyber Corridor.

The event will include:

- A welcome address from Fazal Dad, Principal and CEO of Blackburn College
- A keynote address from Mo Isap, CEO of IN4 Group, a leading skills, talent and innovation enabler
- An industry panel featuring representatives from KPMG, IBM, Northrop Grumman and QinetiQ
- An education & skills panel featuring representatives from Lancaster University, the Lancashire Local Education Partnership and Blackburn College
- A networking lunch and an opportunity to tour the newly renovated, state-of-the-art facilities at Blackburn College

Blackburn College is delighted to host this event at their new Industry Collaboration Zone. The College continues to work closely with industry, investing heavily in the latest industry-standard facilities and technologies, supporting the talent pipeline and future skills need.
